VOL. LX. No. 33. REDWOOD CITY, CALIFORNIA, SATURDAY, NOVEMBER 12, 1921. ESTABLISHED 1859

NEW MACHINERY TO BE SUPPLIED FOR REDWOOD CITY WATER WORKS

City Engineer Will Prepare Specifications---Pacific Steel Company Contract Rescinded

Redwood City is soon to have a 750-gallon centrifugal combination pump and engine for the fire department. The city trustees at their meeting on Monday evening went on record favoring the proposition. City Engineer C. L. Dimmitt was instructed to prepare the necessary plans and specifications for the proposed apparatus to be finally submitted to the manufacturers of the various kinds of engines for them to use in submitting estimates to the trustees.

A committee from the fire department presented a lengthy petition signed by over 300 residents and property owners and citizens of Redwood City asking for the purchase of the apparatus. Letters were read from all the factory owners of Redwood City by Henry Beeger urging the trustees to take immediate steps in purchasing the pumping engine. Mr. Beeger made the statement that he was unable to find anyone who opposed the purchase of the apparatus in question. On motion of H. C. Tuchsen, seconded by Trustee McNulty, the city engineer was instructed to prepare the plans and specifications at once.

More Money for Water Company

Ross & Ross, attorneys for the Redwood City Water Company and officers of the concern, appeared before the trustees and asked for an increase in the rate to be charged the city for furnishing water, the present contract specifying a rate of 12½ cents per thousand gallons having expired. George C. Ross in presenting the company's side, urged that the board and the company endeavor to get together and arrive at an amicable settlement before appealing to the railroad commisison. He presented facts and figures to show that the water company had not been making a fair and just return on its investment during the past two years, basing his deductions on a present invested capital of $32,148.41. In his arguments he used largely the report of the city engineer covering the water situation that had been compiled recently at the request of the trustees.

The trustees decided to make a close study of the report before taking any action.

The Mark-Lally Company of San Francisco was paid $70.67 extra for furnishing galvanized iron instead of brick for the year's supply of galvanized iron water pipe. It was in the specifications that the concern should use galvanized iron fittings, but in order to facilitate matters the trustees thought it would be better to grant the request than to cancel the bid.

Sidewalks Wanted

A lengthy petition signed by the property owners along the west end of Redwood Highlands was presented to the board asking that steps be taken by the trustees to have the street and sidewalk work done on Brewster avenue from the city limits to Nevada street and all side streets intervening, also on Hillview avenue from what is known as the "Ranch" to connect with Brewster avenue. It was explained that in purchasing their lots from the Redwood Highlands Company their contracts called for the street and sidewalk work being done within a reasonable time. All efforts on their part to get the company to live up to its agreement, the petitioners stated, had met with failure.

Trustee Tuchsen, chairman of the streets committee, explained that the board could order the street work to be done, but that the property owners and not the realty concern would be responsible for the payment of the assessment, the former having redress in court to recover from the company the amount paid.

He suggested that the matter go over for a while in order that some satisfactory agreement may be arrived at by the property owners, who could talk the situation over with the city attorney. Acting on this suggestion action on the petition went over until the next meeting.

Pipe Contract Rescinded

On motion of Trustee Kreiss, seconded by Trustee McNulty, the action of th eboard in awarding a contract to the San Francisco Steel Products Company was rescinded. This was done after investigation of the statement of the city clerk that the check accompanying the bid was irregular and the further revelation that the pipe furnished came from Belgium instead of having been made in the United tates.

Miscellaneous Business

Mrs. Joseph Casaretto was granted permission to move the lodge house recently purchased by her from the high school trustees from the school site to lot 18, block6, Birch street.

The board adopted a resolution overruling the objection of Mrs. Mary A. Byrnes of San Francisco to go on wit hthe street improvements in Redwood Highlands as called for in resolution of intention No. E-3.

Another resolution was adopted directing Clerk W. A. Price to advertise for bids to be opened on December 8.

The report of F. K. Towne, city treasurer, showed a balance in the general fund November 1 amounting to $247.65 and in the water fund $18,72.089. His report as tax collector showed total collections during October were $7,101.38. The city marshal reported license collections amounting to $86.

The board adjourned shortly after midnight after allowing the monthly grist of bills.

SEQUOIA UNION HIGH SCHOOL NOTES

By Maude Stilleson

A branch of the Girl Reserves of the Y. W. C. A. is to be organized this year for all the girls who wish to join. Any girl between the ages of 12 and 18 is welcome to become a member of the club. Heretofore the Girl Reserves have been in the form of a small corps and it was impossible to reach all the girls. With a large club it will be posisble to accomplish more for the community. isMs E. Barneby, a Sequoia High School faculty member, will have charge of the work. Miss Barneby has had experience in Y. W. C. A. work and is greatly interested in forming a successful club in Redwood City.

Monday afternoon, November 14, at 2:45, a meeting will be held in the Odd Fellows' Hall. Until further arrangements are made the girls will hold their meetings in one of the lodge rooms.

Miss Marjorie Grant, secretary of the division, will be present to discuss plans for the new club. All girls who are interested are asked to be present at this meeting. This club is not only for high school girls but it is for any girl who wishes to join. We want at least 50 girls on the membership list. Will you be one of them?

Hard Times Sophomores

The hard times party planned by the sophomores was held in the "barn" on the high school campus Thursady evening. Instead of ruffles and furbelows the girls appeared in bungalow aprons and severely plain but nevertheless very attractive costumes, while the boys rejoiced in their beloved "cords." The faculty evidently caught the spirit of the party and arrived in juvenile attire. However, realizing the necessity for chaperons, two of them dressed for the part and on their arirval were greeted with a burst of applause.

There was a good jazz orchestra and despite the hard times the sophomores and their guests danced the evening through. Punch was served during the evening and was enjoyed by all. During the course of the evening there was a prize fox trot for which the first prize was awarded to Una Chapin and Gerald Irving and the second to Dick McGarvan and Jack Parsons. At 11:30 the young people took their departure after a most enjoyable evening.

Gamma Epsilon Entertains

Gamma Epsilon, the newest club at Sequoia, gave its first social affair last Saturday evening in the form of a masquerade. The barn on the new campus was decorated in greens and bright crepe paper streamers and the gay costumes added a festive appearance to the lively scene. The evening was spent in dancing and everyone agreed that it was a big success. Refreshments were served at 11 p.m. and at the close of the evening prizes were awarded to Eleanor O'Keefe from Menlo and Russel Buchanan of Palo Alto for having the most original costumes.

A. B. Partee, the wealthy Runnymede farmer, has leased 500 acres of the 761 of the Sweeny ranch east of town. This land was formerly rented by the late G. Y. Bollinger. Mr. Partee expects to do intensive farming on an extensive scale. He will plant tomatoes, berries, alfalfa, vegetables of many varieties, wheat and barley. The soil of the Sweeny place is very rich and productive, capable of producing any sort of crop. Mr. Partee has leased the Donohoe farm at Runnymede for a number of years, making a specialty of berries and tomatoes. He is a skillful farmer and a wide awake business man. Mr. Partee will become a resident of Redwood City.

FATHER HESLIN LEFT LIBRARY TO SEMINARY

The last will and testament of the late Father Patrick J. Heslin was filed for probate in the county clerk's office on Wednesday by Dr. John V. Hughes, a cousin of the murdered priest. The will is holographic and was executed by Father Heslin in San Francisco on March 12, 1914. It is written in a bold, free hand. The penmanship is artistic and beautiful. The estate consists of cash in bank, the amount of which is unknown to petitioner, Liberty Bonds worth $200, a vacant lot in San Francisco valued at $500, a vacant lot in Alameda county worth $150 and certain stock in an oil company of unknown value. By the terms of the will James Heslin, a brother residing in Ireland, is bequeathed the sum of $500; a sister, Mrs. Maria Toge, Ireland, $500; James Heslin, Jr., Ireland, $2,500 for his education. The sum of $1,000 is left for funeral expenses of the decedent and $1,000 for masses. His gold watch is bequeathed to his nephew, Patrick Heslin, of Ireland, and the priest's library is left to St. Patrick's Seminary at Menlo Park.

Joseph Farry, with offices in the Humboldt Bank building, San Francisco, is the attorney for the petitioner.

When the body of Father Heslin was found in the lonely grave at Salada Beach the sum of $90 was taken from it and turned over to the chief of police at San Francisco. Later it was given to Archbishop Hanna. It will now be turned over to the executor of the estate. The coins were much sought after by souvenir hunters, but the money was kept intact as it was discovered on the body of the priest. One of the mysteries of the murder case is why did not Hightower remove the wallet containing the money, inasmuch as the securing of funds was his motive in killing the defenseless priest?

BANQUET OF BOOSTERS ROUSES ENTHUSIASM IN REDWOOD CITY

Ambitious Plans Outlined by R. H. K. Smith---Cash Given by Business Men for Publicity Work

The Redwood City Chamber of Commerce has taken on new life, has awakened to the fact that the citizens must be up and doing if they wish to accomplish something for the community. The merchants and the business men are showing a willingness to help in the cause. R. H. K. Smith, the new secretary-manager of the chamber, is a live wire, an up-to-date promoter and has already outlined plans for the development of the industries of Redwood City. At the banquet given at Hotel Sequoia Tuesday evening there were seated 65 enthusiastic boosters who offered their co-operation in the advancement of this section. The banquet was the most successful in the history of the local chamber of commerce. Everyone present was enthused with the go ahead spirit manifested by the president and others. All the speakers were optimistic concerning the future of Redwood City and the peninsula, all spoke of the need of co-operation and from the manner in which marchants spoke the chamber of commerce is to be backed up by people of Redwood City with plenty of funds to carry on the work proposed.

Plans Outlined

R .H. K. Smith in his speech announced plans for a Redwood City Chamber of Commerce classified directory of members only. This directory will be published in a booklet being compiled for distribution throughout the United States. Mr. Smith urged that every business man join the chamber, to have his name and occupation listed. The publicity will be of untold benefit. Mr. Smith was well received by the big gathering and made a good impression.

President Frank K. Towne in a few well chosen words outlined the plans of the chamber for the coming year and told what it hoped to accomplish.

George A. Merrill in his address touched on the cement plant to be established at the water front. He was certain that development work would start the first of the year. This is good news to the people of Redwood City, who have looked forward to the coming of this industry with great anticipation.

The Evening's Program

F. K. Towne acted as toastmaster. The speaking program was carried out as follows:

"Why we are gathered together," C. G. Lambert. Response, R. H. K. Smith and L. P. Behrens.

Patronize local industries and merchants," C. M. Doxsee. Response, M. J. Knox.

"What a chamber of commerce can accomplish," Asa Hull.

"Redwood City and its geographical position," D. R. Stafford. Response, W. P. Gray.

"Let's stop kiding ourselves and get to work," Fred Drake.

"Our harbor and industries," G. A. Merrill. Response, A. D. Walsh.

"Co-opertaion," H. C. Finkler.

"The new high school," A. C. Argo.

"Redwood City Chamber of Commerce," Mayor M. E. Ryan. Response by F. K. Towne.

Otis M. Carington added much to the pleasure of the evening by rendering several songs, one of which, "Redwood City," his own composition, made a hit with his listeners.

The gathering was brought to a happy closing by the singing of the "Star Spangled Banner."

The following members have promised to pay the sum of $5 a month toward placing funds at the disposal of the chamber's publicity work:

First National Bank, the Bank of Italy, L. P. Behrens, F. K. Towne, Beeger Tanning Company, M. E. Ryan, California Pacific Title Insurance Company, George H. Rice Abstract Company, C. M. Doxsee, Gray-Thorning Lumber Company, Hull Brothers, M. J. Knox, Ryan's Drug Store, D. W. Williams, D. R. Stafford, Young Drug Company, Lambert & Walter, J. D. Hedge, Con Drathman, San Mateo County Building and Loan Association. Several others have promised similar sums.

Since taking over the management of the chamber on October 22 by Mr. Smith the revenue has nearly doubled, thanks to the public spirit of the above members.

Over 20 new members have joined, but there are a number of our lading business men who have not yet signed the roll.

The prize slogan committee invites the public to be present Wednesday evening, November 23, at 7:30 to hear the result of the award and to meet the winner, who will receive the prize on that occasion.

GOVERNMENT TAKES OPTION ON MORE LAND FOR BASE HOSPITAL

High Fence to Be Erected to Exclude Bootleggers and Drug Peddlers From Patients

It is very evident that the government has changed its plan for abandoning the base hospital, as yesterday it secured an option of purchase on the eight acres of land owned by Joseph Nash adjoining the government property on the bay road. The price to be paid for the land is $1100 an acre. The whole tract comprising about 80 acres is to be surrounded by an 8-foot board fence to prevent bootleggers and drug vendors from entering the premises. These nefarious individuals have become so troublesome about the hospital that severe measures have to be resorted to by the government officials to prevent the scoundrels from mingling with the patients and plying their villainous trade. It is the government's intention to devote the institution exclusively to the treatment of mental cases.

It was rumored about the hospital yesterday that it was the intention of the United States public health service to erect early in the spring permanent buildings to cost over two million dollars.

Ross of this city was his old friend and physician. At his death he left him his entire estate, consisting of valuable property at Palo Alto, Menlo Park and Pacific Grove worth in excess of $15,000. The contestant is ...d cousin of the deceased. Undue influence and that the will was not properly or legally signed by the decedent are the grounds for the contest. Zabala & Sargent of Salinas are the attorneys for the contestant. J. H. Chappell is a resident of Salinas. He was never known to visit the deceased at Menlo Park during his lifetime. It is doubtful if ever W. G. Chappell knew of the existence of the contestant.

LOOK NOT UPON BERRIES WHEN RED LIKELY TO CAUSE TEARS TO BE SHED

Toyon Trees Protected by State Law Which Judge Griffin Will Enforce Strictly

On Thursday Judge Griffin sentenced O. Dahl, W. E. Ellis and Louis Cazallo, all of San Francisco, to pay fines of $5 each for gathering red berries at Woodside without permission of the owners of the land on which the trees were growing. This is contrary to a law passed by the last legislature. It is a good law to preserve the toyon from extermination, so that future generations may have the pleasure of seeing these red berries at holiday time. Heretofore residents of San Francisco have come down the peninsula on Sundays and return to town with big bunches of the berries stolen from trees along the roadways. They exercised no care in their berry gathering, mutilating the trees so that in many instances the toyon was destroyed. The new law will permit anyone to look upon the berires when they are red, but it will be a rather sorrowful experience if the temptation of the berries is too strong and the city dweller attempts to carry them off without first arranging with the owner of the property.

FIFTH RED CROSS ROLL CALL

"The fifth Red Cross Roll Call, November 11-24," has become a familiar announcement to our readers, but we wonder if they are all aware of its meaning. The Red Cross is a beloved household word in our town and in all others in the United States wherever men were sent to the front in the world war; wherever epidemic has struck; wherever suffering has been alleviated through Red Cross ministration; wherever any disaster large or small has fallen; but do we ask ourselves to show the feeling we have for this great organization?

Support it. Join the Red Cross. Make a voluntary contribution in excess of your dollar membership. That is the only way you can say to yourself and to your community that you know the Red Cross, believe in it and want it to flourish, that its work may not go undone.

So frequently we accept without comment the essential things in our lives, personal, community and national, and until the thing we love has perished from lack of care we fail to realize that its support must come from each of us individually.

Red Cross ministration is timely. It is calling into action a great army of peaceful endeavor for world betterment the best minds and the best talent available. It is our own organization, knowing no political party, no religious creed. It is ours because we need it in crises, we need it in daily life, because we made it ourselves, and it can only continue if we ourselves renew our faith, our allegiance and contribute dollars and deeds to its future success.

The roll call drive in Redwood City will be in charge of Judge Ray Griffin, who has announced the list of captains who will have charge of the work in town. He has outlined their districts. When the solicitors call treat them kindly. The captains appointed by Chairman Griffin and their districts are as follows:

No. 1, Mrs. Philip H. Kroeck; 2, Mrs. Z. T. Thorning; 3, Mrs. Eric Thompson; 4, Mrs. L. P. Behrens; 5, Mrs. David E. Graham; 6, Mrs. J. B. Perry; 7, Mrs. Harry E. Jamieson; 8, Mrs. D. Geary; 9 (business district), Guy P. Hull; 10, Mrs. Archer Kincaid; 11, Mrs. Fred Zimmerman.

The captains appointed for Portola, La Honda and Woodside are Miss Macdonnell, Portola; Mrs. F. H. Mighall Woodside, and W. R. Bartley, La Honda.

The following girls in the high school have volunteered to assist in the drive: Madeline Shields, Maude Stilleson, Margaret Kalenborn, Bernice Martin, Una Chapin, Lorraine Bresse, Dolore Lyons, Evelyn Heydenfeldt, Georgiana Hoenck, Gladys Cronk, Elizabeth Gillespie, Lois Leary, Marjorie Sahlberg, Alice Tideman, Valley Drake, Agnes Flynn, Alice Perry, Gladys Haydock, Dorothy Chilcott, Pearl Beer.

BOX CAR BURGLAR GETS HIS IN SHORT ORDER

The shortest trial in the history of the superior court took place Thursday afternoon. Arthur J. Harris, the box car burglar, was found guilty as charged. It took just 25 minutes to select a jury, try the case, render a verdict and sentence the prisoner to San Quentin, where he will remain from one to 14 years. The defendant waived nearly all his rights and privileges under the law. He desired to have the disagreeable matter over as soon as possible. Harris was taken to the state prison yesterday. He is an ex-convict and will renew acquaintances at the old stand. He was arrested some time ago for stealing a box of shoes from a box-car here. This was the time of the impending railroad strike. Harris wanted to be a strike breaker and at once notified President Sproul of the Southern Pacific Company that he would run trains for the company if the charge of burglary against him were dismissed. His application for a job was not answered by the president of the railroad company.

KEEPING TO FACTS

Arguments favoring the Dumbarton bridge as opposed to the Pistolesi proposition, given in the Times-Gazette last week, appear to have displeased the secretary of the Three Cities Chamber of Commerce He details his dissent in the following letter:

My attention has been called to an editorial in your valued newspaper and I am sorry to inform you, the basis of your argument has been founded upon a misapprehension. The Three Cities Chamber of Commerce is not now and never has been opposed to the construction of a Dumbarton bridge, a San Francisco-Oakland bridge or any other bridge across San Francisco Bay. We have very consistently, and very rightly so, stood for the proper kind of financing of the Dumbarton bridge. We have, as you are probably aware, opposed the attempt to build the Dumbarton bridge by and exclusive San Mateo county bond issue and I am sure that you will agree that our contention in this respect was a very proper one.

The resolution, carried unanimously by the Peninsula Bureau, asked the board of supervisors of San Mateo County to submit a bond issue to the people, providing for the proper amount necessary to construct the Dumbarton bridge, after the Supervisors of San Mateo County had satisfied themselves that the City and County of San Francisco would pay its just and proper cost of such a bridge, based upon the utilization of same by the City and County of San Francisco.

Rather than have the narrow idea that you would attribute to us that we are opposed to the exclusive financing of this bridge in San Mateo County because Burlingame, San Mateo and Hillsborough would not benefit directly thereby and because Redwood City and Menlo Park would be helped more than we, we have assumed the position that the entire City and County of San Francisco would be even more benefitted by the construction of the Dumbarton bridge than would San Mateo County, and we have insisted that the suggestion of Engineer M. M. O'Shaughnessey of San Francisco be carried out, whereby San Francisco would pay 60 per cent of the cost of the bridge in return for the conveying over of the Hetch Hetchy water aqueduct, leaving San Mateo County 40 per cent of the cost of the bridge to be taken care of by bond issue, tolls to retire this proportion of the cost of the bridge.

Our chamber has looked closely into this matter and has come to the conclusion that an East Side Highway can be constructed from the tolls of the Dumbarton Bridge, if San Mateo County has only 40 per cent of the cost of the bridge to pay for. We have felt from the beginning that 90 per cent of our transportation problems are San Francisco's problems and we feel that San Francisco should pay for the Dumbarton Bridge, the East Side Highway and other highways in this county. At least, San Francisco should pay for its just and proper part of these improvements.

As far as the Pistolesi Bridge is concerned, (the matter that seems to have been the basis of your editorial) the Three Cities Chamber of Commerce is investigating the proposition and has not arrived at a definite conclusion. The Three Cities Chamber of Commerce does not feel that because the Pistolesi Bridge is under consideration that it should detract from the other and numerous bridges before the public. The way we feel is that the more frequent transportation facilities are provided, just so soon will this section come into its own.

It is my opinion, personally, and it was so stated in the newspaper article quoting me, that San Mateo, Burlingame and Hillsborough may not be favorable to the erection of a Bay Bridge at the expense of San Mateo County, without San Francisco support. It is the opinion of the Three Cities Chamber of Commerce that San Francisco should pay for 60 per cent of the cost of the Dumbarton rBidge and taht the remaining 40 per cent should be retired by tolls.

The Pistolesi bridge may be a more popular bridge than the Dumbarton bridge and for that reason alone, if for no other, your newspaper should insist that San Francisco should come through and pay the major cost of the Dumbarton Bridge.

All I ask of your newspaper is to print the facts in the case and that is all any one could ask or expect of a newspaper. Yours truly,
DANIEL C. IMBODEN.

It is self-evident that if part of the expense of building the bridge can be extracted from San Francisco no one in San Mateo county will object. The real objection of the Times-Gazette was the apparent favoring of the Pistolezi proposition as opposed to the Dumbarton bridge. In the articles printed, in which Mr. Imboden was quoted, and the statements attributed to him have not been contradicted, it was made to appear that he was strongly in favor of the idea of locating the bridge at Coyote Point; also that the people of the three cities would defeat at the polis any bonding proposition to build elsewhere. That may be his personal opinion and he has a perfect right to entertain it, however erroneous it may be. It also may be possible that he carries around with him the opinions and votes of the people of his locality, though some may dissent from that idea. At any rate it is not quite a safe proposition to assume to speak for a whole locality unless so authorized. No such authorization has ever been given to anyone up there.

Merely to keep facts straight the Times-Gazette gives the letter in full. Also to keep facts straight attention is called to the articles in which he was quoted. The variation will be apparent. Perhaps there has been some illumination.

Naturally it is irritating that an opinion should be expressed that a great public proposition would be defeated by the votes of any certain locality because it did not possess the natural advantages for the exploitation of the enterprise. Narrow prejudice of that sort is unworthy of any section, particularly of such a fine group of towns as the three cities. It has been found in the past that they have worked for the benefit of the whole county. No matter who may say so, it is undeniable they will continue to do so in the future. When the time comes for voting on the bonds it will be found they will be lined up in favor of the improvement. The Dumbarton bridge is the only bridge that is practicable. It will benefit all the peninsula, help every town from San Francisco to San Jose. Best for all will it be to drop all squabbling as to location or anything else and get to work enthusiastically and unanimously for what all of us want.

GOOD PAY FOR GOOD MEN

Chief Justice F. M. Angelotti of the state supreme court has resigned the position he has filled so ably and so long to become the chief attorney for the Western Pacific Railroad Company at a salary fully three times as large as that which he has been receiving. It is a sad commentary upon our laws that such able men as we have on the supreme bench are compelled to seek other employment on account of the small salaries paid the judges. The work in the upper court is difficult and trying and requires much ability. The judges should be receiving at least $15,000 annually instead of the $8,000 they are now getting. A short time ago Judge Sloss and Judge Olney left the bench because of the small pay they were receiving. These men are capable of earning fiev times as much with less work and energy. Our judges should get more pay if we want able and honest men on the bench.

BOARD OF SUPERVISORS IN REGULAR SESSION

The board of supervisors met in regular session Monday morning.

Thomas Ginniver, representing San Mateo Post, American Legion, presented a request for assistance in the Armistice Day celebration. The supervisors explained that the board would like to help, but the only fund that could be drawn upon was the advertising fund with only $60 remaining in it. He suggested that this be turned over to the committee and that each member of the board contribute $10 personally. This plan was followed.

Fred Drake, representing the Peninsula Bureau of Chambers of Commerce and Civic Associations, presented these resolutions concerning the Dumbarton bridge:

"Whereas, the board of supervisors of San Mateo county has declared that public convenience and necessity require the construction of a bridge across the bay in the neighborhood of Dumabrton Point to accommodate motor and vehicle traffic; and

"Whereas, a survey is necessary to secure (1) the approval of such a bridge by the state engineer (2) the permission of the federal government; and

"Whereas, the board of supervisors of San Mateo county is without funds necessary to said survey because of the fact that its budget did not include funds for such expense; and

"Whereas, circumstances and conditions make it advisable to proceed with said survey without delay; and

"Whereas, the Peninsula Bureau of Chambers of Commerce and Civic Associations is willing to undertake to finance the necessary survey,

"Now, therefore, be it resolved, that the board of supervisors of San Mateo county will authorize the county surveyor to (1) make said survey, (2) file application for approval of the state engineer, (3) file application with the federal government to build said bridge, provided it has jurisdiction of the expenditure of said survey fund, and

"Be it further resolved, that the board of supervisors of San Mateo county, upon securing permission from the federal government to build such bridge and after satisfying itself that the city and county of San Francisco will pay its just share of the cost of said bridge, based upon the utilization of same by said city and county of San Francisco, will call a bond election to provide the necessary funds to construct said bridge, the interest and redemption of said bonds to be provided by fixing of tolls necessary thereto, and

"Be it still further resolved, that, if it is legally possible to do so, the actual money advanced for the purpose of the survey will be included as a part of the cost of said bridge and returned to those advancing same."

On motion of MacBain, seconded by Hickey, the resolution was ordered referred to District Attorney Swart, with a request that the latter submit a written report thereon at the next meeting of the boad on November 14.

Phil H. Thompson, representing South San Francisco and the Peninsula bureau, explained the purpose of the resolution. He said it made it possible for citizens to advance the survey money. He stated five men in South San Francisco already had promised $100 each for the purpose as soon as the resolution shall have been adopted by the supervisors.

Supervisor MacBain asked the committee if in the event of the failure of the bonds to carry would the board of supervisors be held responsible for debts contracted in cvonnection with the survey. Thompson assured the supervisors the citizens in subscribing understood that they were taking all the chances.

A. W. Tate, county horticultural inspector, in his report for October stated that the black scale was infesting some fruit trees and recommended spraying during the next few months. He offers assistance and advice to those doing the work.

Reiker, 47; Henry Twohy, 43; L. L. Page, 50; C. Miles, 38; C. B. Cowden, 56. Mr. Miles was awarded the contract.

The Peninsula Bureau communication relative to routing passenger trains over Dumbarton bridge was laid over for two weeks.

Charles E. Dimmitt presented a map of Dearborn Park, a new subdivision on Pescadero creek. A resolution approving the map was then passed by the board.

Mrs. Jennie E. Hartley of Redwood City presented a request for writing part of the insurance on the new county hospital.

Supervisor MacBain stated Atherton residents had protested to him against a junk shop being conducted in their neighborhood. The constable of the district was instructed to investigate.

MacBain also reported people on this side of San Francisquito creek were using the creek bed for a dump, contrary to the county ordinance.

A. F. LaCross, 729 Phelps street, Redwood City, filed application for a job as traffic officer in case of a vacancy.

George A. Kneese, county engineer, reported completion and recommended acceptance of work done by A. Mattson, as follows:

Reinforced concrete retaining walls on La Honda to San Gregorio road and Montara to Halfmoon Bay road. The recommendations were aproved and the bills ordered paid.

At the suggestion of Hickey it was ordered that one of the county autos be decorated for use of the supervisors in the Armistice Day parade and that the sheriff's car be allowed for accomomdation of the G. A. R. veterans on that day.

The county engineer's descriptions of voting precincts for 1922 were reported and will be taken up later.

Mr. Kneese reported that contractors building a storm sewer in the Visitacion Valley had struck an old culvert. This will require a change in plans and make the cost about $600 more than estimated. He was instructed to present an estimate at the next meeting.

Regarding the east side highway the engineer asked the members of the board to examine the rout as soon as possible. It was decided to go over the line that afternoon.

A resolution of intention to buy a piece of land at Menlo Park for a corporation yards had been prepared by the district attorney and was adopted by the board.

November 11 --- 1918 and 1921

On this third anniversary of Armistice Day, representatives of the nations are gathering in Washington to formulate plans to bring to the world assurance of future peace.

Fitting it is that this conference be preceded by the ceremonies at Arlington in memory of our boys who gave their lives in expectation of the fulfillment of this purpose.

Fitting also is it that the thought and prayers of all be centered on Washington, carrying inspiration for the successful working out of this great problem.

For this purpose our National Government has decreed November 11, 1921, a National Holiday and this institution was closed all day.

The mightiest motion picture spectacle of the century, revealing the religious significance of the wonderful drama of "Quo Vadis," adapted from the world famed romance of Henryk Sienkiewicz's novel, tells a most thrilling, sensational and dramatic story. The various scenes of pagan pomp to Christian simplicity make the pictrue story a most appealing one. Added to this is a most powerful love story woven throughout—the love of a pagan for a Christian girl. Among the thrilling scenes is that of Ursus in the arena at Rome, twisting a gigantic bull by the horns until its neck is broken. The hero, after killing the animal, releases a beautiful maiden—the Christian girl—who has been bound to the animal's back—and begs the Roman audience to grant her life. nate circumstances. She feels sure that the tables will be turned at the next game and the students are all looking forward to a victory.

To Play in San Mateo

On Friday, November 11, at San Mateo, Sequoia's football team will lock horns with San Mateo's in the last game of the season. Sequoia is determined to win this game and San Mateo is equally determined, so the contest should be a spirited one. It is hoped that a goodly number of Redwood City supporters will be on hand to witness the game and support the home team. The boys have made a splendid fight this season and had circumstances been different, they might be coming out nearer the top of the league. Two hard games in one week and the loss of several players because of injuries and for other reasons make it hard for a small school like Sequoia to keep up its morale. But neither the coach nor the team has lost fighting spirit, and the student body has been stauch in its supoprt, too. As Captain Dick MacGowan said at a rally the other day: "Judge the team by the game it played with San Jose, conceded one of the strongest teams in the state." San Jose high school has something like 2100 students and a squad of 90 football players. Sequoia has 300 students and about 24 football players, many of whom are really too light for the game. For Sequoia to hold San Jose to 14 to 0 and keep them worrying every minute of the game was almost as big a victory as an actual one.

The team has the fighting spirit and will do its best to defeat San Mateo. It remains for the people of Redwoo dto get back of the team next Friday and cheer the players to victory.

DAMAGES ASKED BECAUSE TREE CAME THROUGH ROOF

Clair W. Young has brought an action in the superior court against the Redwood Highlands Company to recover damages in the sum of $1,000. She owns lot 4 in block 19 and in May last the defendant company cut down a tree on its property. In its descent to earth the tree fell on the roof of plaintiff's dwelling, damaging it considerably, hence the claim for the thousand. Archer Kincaid is her attorney.
